

# IILM ACADEMY of HIGHER LEARNING

*Jaipur Campus*

# PGDM

**Post Graduate Diploma in Management**

Approved by  
All India Council for Technical Education (AICTE)

# IILM Academy of Higher Learning, Jaipur

IILM Academy of Higher Learning, Jaipur was established in 1998 under the aegis of the Ram Krishan & Sons Charitable Trust, Lodhi Road, New Delhi. The Trust is running various management institutions with the acronym IILM in different parts of the country with campuses in New Delhi, Gurugram, Greater Noida and Lucknow.

Over the years, the Institute and its founders have successfully fulfilled the extensive objective of propagating quality professional education and have made IILM a National Brand. The Jaipur Campus of the institute offers two years full time Post Graduate Diploma in Management (PGDM), approved by AICTE.

# IILM...

## A seat of holistic learning

In Persian, IILM or “ilm” means knowledge. Thereby the name IILM connotes a place for seeking and attaining education and wisdom.

Our logo depicts the rising Sun, which in the words of Swami Vivekananda, is symbolic of Jnana, within the universal symbol of the temple of learning. The goal of IILM is to prepare students for the challenges of leadership.

- First “I” – Integrity
- Second “I” – Innovation
- Third “L” – Leadership
- Fourth “M” – Management

“ IILM Academy for Higher Learning, Jaipur is recognized by AICTE. On successful completion of the programme, students are eligible for Post Graduate Diploma in Management approved by AICTE ”

## Vision 2022

IILM will educate and develop innovative, entrepreneurial and responsible business leaders.

## Our Mission

We will offer with wider access and in an inclusive and responsible manner:

- | An academically rigorous, practice and research supported, management education based on principled and ethical values, which maximizes the value add from entry to exit.
- | An inspirational learning environment which fosters the understanding of disruptive, technological changes; challenges current assumptions, and encourages continuous innovation and learning.
- | An outstanding practice based and work related learning experience which focuses on the application of knowledge and skills and is globally relevant.

- | Personal mentoring which respects individuality and inspires students to become responsive and responsible business leaders.

We will facilitate business and management research that leads to the creation of actionable knowledge, improves the understanding of management practices and provides inspiration for entrepreneurship and innovation.

# PGDM Programme

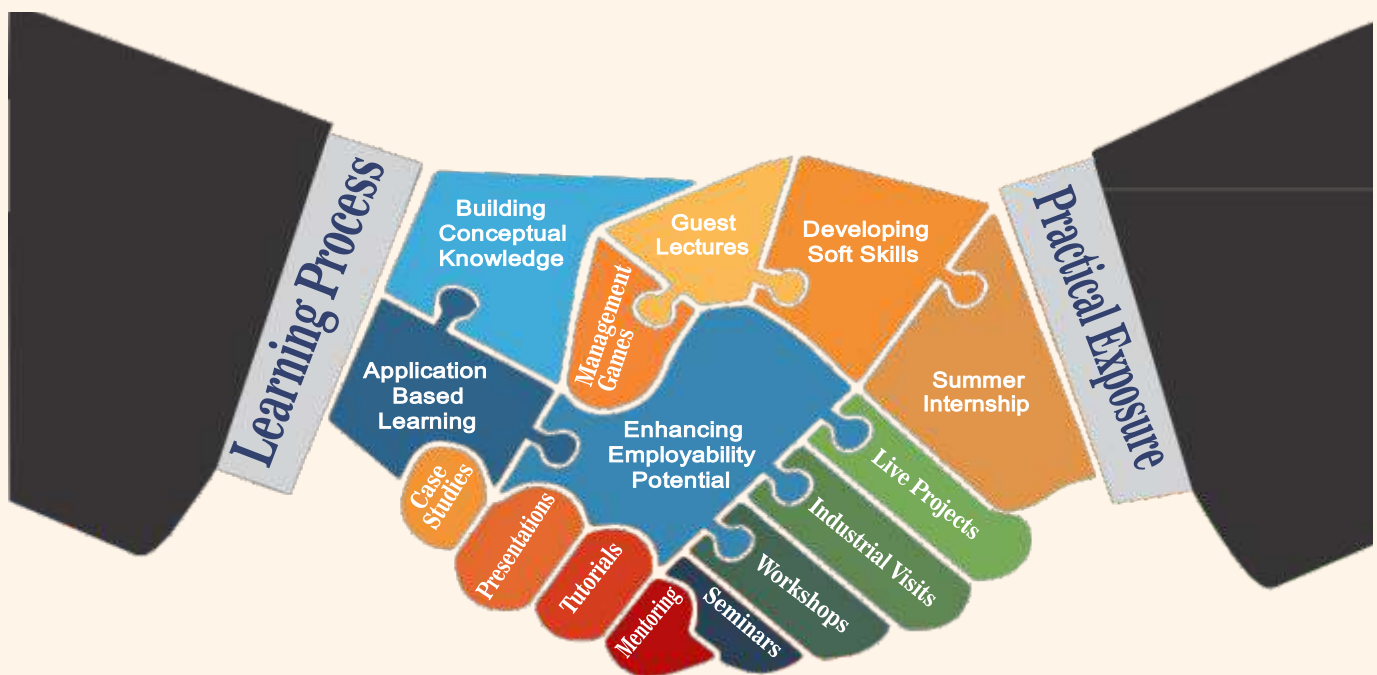

The Post Graduate Diploma in Management is designed with a view to fulfill the dynamic requirement of the industry from management graduates. The curriculum incorporates practical learning, on-the-job-training and global case studies for developing a strategic orientation so that the budding managers can face the challenges of the dynamic corporate world. Our PGDM curriculum has been designed and is continuously updated with a careful review of its impact on students' learning and industry's requirements. Our balanced pedagogic approach from classroom teaching to non-classroom learning equips the students with strong conceptual knowledge and skills, which help them to meet industry expectations from management graduates.

With curriculum benchmarked against the best in the world, The IILM PGDM goes beyond the traditional functional silos of Marketing, Finance, OB-HR and Operations. After close interaction and input from the Indian industry, our integrated and experiential curriculum is also

inspired by the best of leading global B-School. It offers experiential learning avenues through FIELD, Career Trek and Managerial Skill; as at Wharton and Stanford respectively.

With over a decade's experience in training future entrepreneurs and managers, IILM is proud to have 3500+ well placed alumni in top companies India and abroad.

# Globally Benchmarked Curriculum

The course modules are inspired by the Stanford Graduate School of Business, Wharton Business School and IIM-A. The curriculum combines experiential learning so that students are capable of turning concepts into effective decision making, initiating action from the knowledge and converting ideas into change. The program is delivered in 6 terms; each term spread over 3 calendar months. In the first year of the program, the students imbibe foundation concepts, tools and techniques of management. Year 1 begins with Term 1 General Management Perspective which covers a series of courses aimed at diving into complex managerial issues to gain insight into the perspective of a capable and efficient manager. Term 2 and 3 will focus on core foundation courses which will provide the base for management education in each discipline calibrated to the skills, experience and future goals. In the second-year students can choose their electives from six major areas. IILM's approach to major areas gives our students the flexibility and guidance they need to carve out a unique intellectual experience that is relevant to their specific educational and career

goals. In addition to major areas, IILM provides "Pathways" to the students who are interested in building expertise in emerging areas and evolving industries. A pathway is an integrated, cross-functional sequence of courses designed to address a particular skill set or industry for which there are an active student and recruiter in demand. In addition to major areas, IILM provides ten divergent pathways namely Data Analytics, Consulting, Growth and Scaling, Entrepreneurship/Start-ups, Social Impact, Investment Banking and Private Equity, Health-care Management, People's Skills, Market Place and Family Business which are designed to incorporate the desired skills in the students so as to prepare them for emerging industries.

**Field:** This module is divided into 3 parts: **FIELD 1** aims at improving the students' teamwork and leadership skills. Students understand the dynamics of working in teams and how individual performance affects overall team performance. **FIELD 2** reiterates team building skills while instilling problem-solving and presentation skills in the students. **FIELD 3** works on formulating a business plan in order to make learning more practical and engaging for a micro-business of a new product/service idea.

***Our curriculum provides experiential learning through FIELD (Field Immersion Experiences for Leadership Development), Career Trek, Leadership Labs and Managerial Skills.***

**Career Trek:** It requires students to travel to different parts of the country to interact with the various functional heads of reputed organizations, to gain a first-hand understanding of job skills required for various industries. This enables students to plan their career paths.

**Leadership Labs:** In this course, participants get a number of opportunities to experience leadership in action and allows participants to reflect on the nature of leadership and discover individual strengths and weaknesses as a leader. Here participants get an opportunity to lead a team as well as to be a member of a team led by others. The course is different from other conventional courses since participants learn-by-doing, rather than reading about other leaders. For experiential learning to work student participants need to engage in the activities fully, reflect upon their own and others behaviour, receive and provide constructive feedback. Learning in the course is dependent primarily on participation; the more participants engage themselves, the greater will be the learning and development of the capacity to learn from any experience in personal and professional life.

**Managerial Skills:** This course examines a number of common managerial challenges faced by executives in leadership positions. These challenges are explored using 4 case examples, each asking participants to evaluate a series of situations, develop alternatives for their resolution, and ultimately recommend and implement a course of action from the point of view of the company's owner/manager. These discussions happen in the context of mid-sized businesses in order to highlight the impact that key decisions and their implementation can have on the broader organization and its goals.

# IILM Career Centre

The IILM Career Centre helps students to get out of their comfort zones and explore their potential. Launching successful careers through a combination of academic courses and practical guidance, IILM Career Centre aims at steering the students in the right direction for a successful and fulfilling professional life through a variety of endeavours.

IILM Career Centre offers support and guidance through Alumni Connect where students get an opportunity to meet, interact and learn from Alumni as well as explore possibilities of working with them. Those students who are not clear about their choices can turn to Career Advisory to point them in the right direction through a series of advisory and Counselling on professional as well as personal fronts. Through Industry Interactions with different industries, Career Centre hopes to expose students to wider career choices and explore new horizons to careers and innovation.

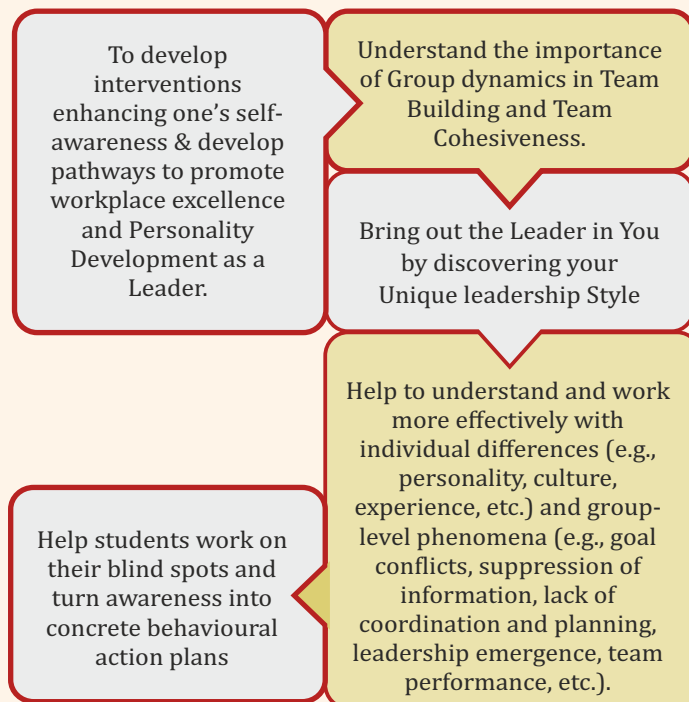

Career Centre believes that the world is an oyster and students can achieve anything they wish in life or go anywhere they want because they can create the opportunity and develop the ability to do so. Career Centre takes the students to the next level by organizing counselling workshops on mindfulness and purposeful living and offers several courses that help students fit in seamlessly into the professional world

# PLP & CDP

IILM is offering a unique student development initiative in the form of Personal Leadership Programme (PLP) and Career Development Programme (CDP).

## Personal Leadership Programme

The Personal Leadership Program (PLP) is designed to help students to develop self-knowledge and interpersonal skills by introducing a set of learning experiences throughout the PGDM program that will give opportunities to enhance self-awareness, awareness of others and clear actionable developmental pathways to promote effective working with others. The objectives of this program are:

## Career Development Program

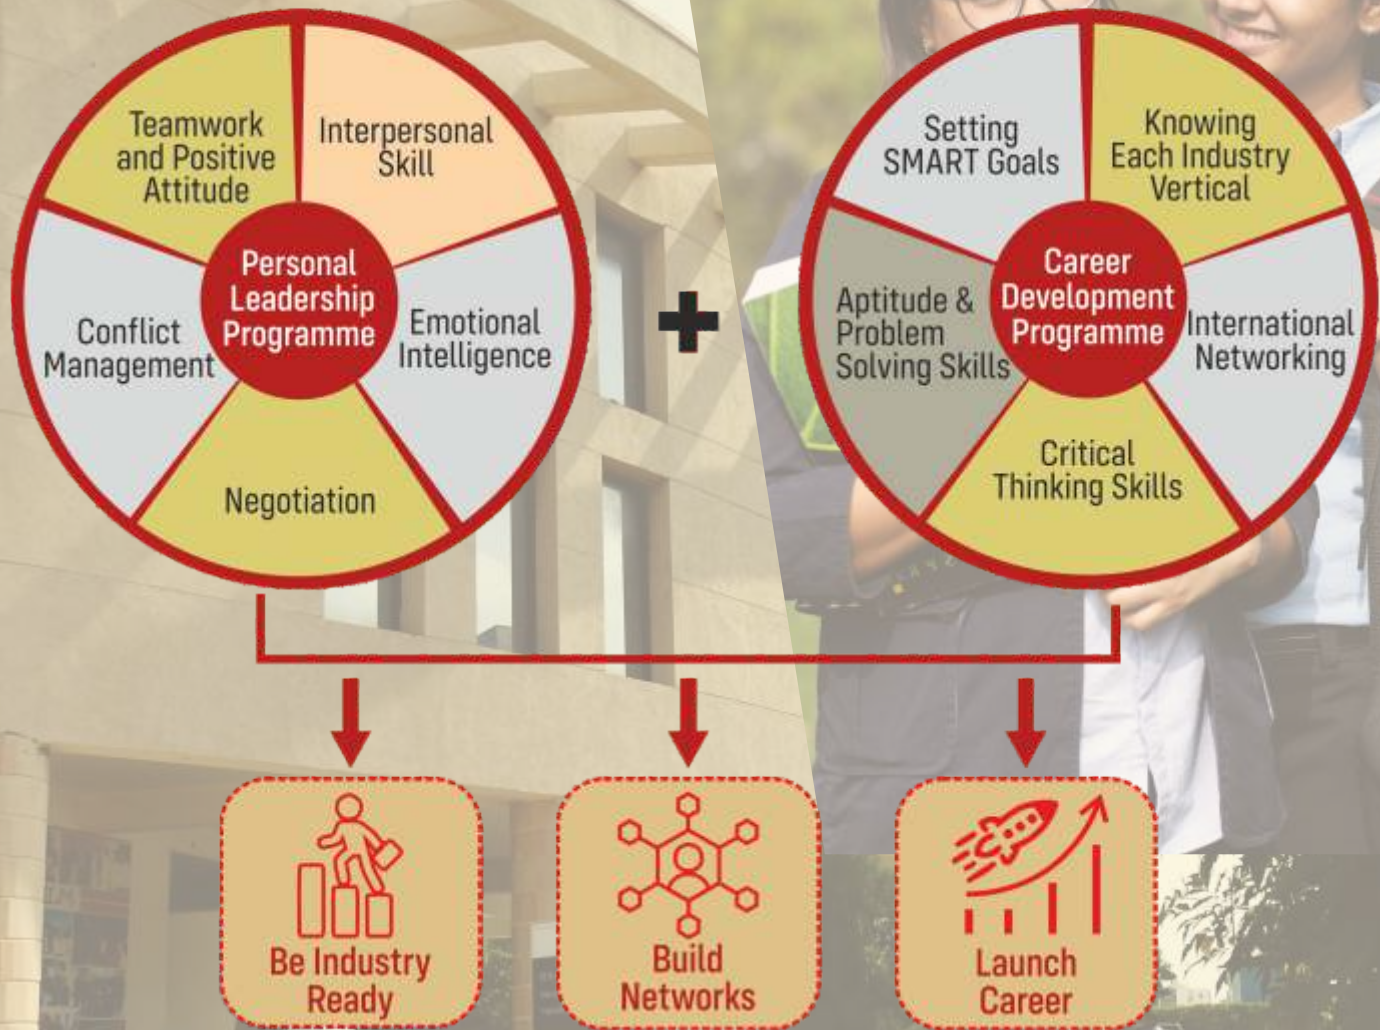

When students joins PGDM programme, getting a good job and having a successful career thereafter is on top of the mind. Going for an interview and getting a job may look like a single activity but it is actually a series of activities that lead to getting the most suitable job at that stage of your career. There needs to be a lot of planning and diligence behind acquiring and polishing that right set of skills that will not just get you a job but also help you sustain that job and rise in your career. And that effort needs to start from day 1 of your PGDM journey. The Career Development Program is an exciting aspect of the curriculum at IILM. We have designed the CDP for you keeping exactly this in mind.

# IILM's Comprehensive Placement Preparation

IILM develops lifelong skills through a process of Personal and Career Development Programmes that ensure students achieve their goals.

An exclusive collaboration to provide **free online courses** to the PGDM students of IILM Jaipur

# Industry Connect

The purpose is to connect students with industry experts and help them to develop a better understanding of real life business situations. These activities not only strengthen our relationship with the companies but also provide a platform to the students to use their conceptual knowledge in an organizational setting. This real-life industry experience and the inputs shared by the corporate leaders results in experiential learning, thus adding value to the learning process.

- § **Mr. Sanjay Goswami** - Director of sales, South Asia, EBSCO

# Internship Real World Training

At IILM, Summer Internship Projects (SIP) are taken very seriously and are a major part of the curriculum activity. The students are put through a workshop prior to the summer internship to ensure that they understand the importance and the learning process. The curriculum mandates a 3-month long internship, meant to provide a first hand experience of the business world. Moving from the classroom to the corporate reality through summer internships makes the students more proficient at handling real-life challenges making effective decisions. It acquaints students with the demands of the professional world of work in terms of knowledge, skills and attitude to perform effectively.

*This short-term experience exposes students to face the real time challenges at workplace*

SIP projects are evaluated by faculty mentors before they are allocated to the students. The faculty mentors also visit companies and interact with the industry mentors on a regular basis to track the progress of the students' performance. Students are required to submit fortnightly a progress report to their mentors as a part of their evaluation. Guidance on how to prepare their reports is provided by faculty mentors during students' non-working hours. The project is culminated with a presentation by the student before a panel of company representatives and the industry mentor at the company premises or presentation of the same before a panel of faculty and alumni.

# Placement

IILM attracts some of the best recruiters from the entire country. The Career Development Cell facilitates excellent placements as well as desired career shifts. The CDC team comprising of dedicated and trained professionals, develops and maintains relationships with recruiters. At IILM Jaipur placements are done through a two pronged approach-the campus specific drives that are organized by the placement team at Jaipur campus and the centralized drives organized by the placement teams of IILM Campuses in NCR.

**CDC@  
IILM Jaipur**

The aim of Career Development Centre (CDC) at Jaipur is to equip students with proficiency in the skills required to get a job. The CDC hosts more than 100 campus drives each year across various sectors at IILM Jaipur. Prior to the conduct of each campus drive, a customized Pre-placement talk is organized.

**Centralized  
Placement**

The Centralized placement drives focus on placing students in those companies which attract talent at a national level. The students of Jaipur campus participate in more than 60 such drives each year. This additional facility enables the students to appear in the selection processes of brands and top level multinational companies.

# Connect with Alumni

Alumni are a very important resource of any university and a strong alumni community is an irreplaceable asset for any organisation. At IILM we are proud to have a huge network of over 10000+ alumni who are well placed at various capacities across industries both in India and abroad. We engage with our alumni in various ways like Annual Alumni

Meet, Alumni Engagement etc. they are invited to interact with students to motivate them about careers or to deliver guest lectures on topics of their expertise. They are consulted with regards to suggestions of industry specific workshops to hone our students' skills. They also become alumni mentors to our students.

# Highly Qualified and Experienced Faculties

The foundation of any good academic Institution is its faculty and the most important activity is the teaching learning process. Teaching fraternity form the key to this process and through their expertise, convert knowledge into wisdom thereby making it applicable beyond the boundaries of time and space. IILM has diverse pool of intellectual

capital drawn from various fields, endowed with rich research and teaching experience. Our faculty is highly qualified and come from top institutions from across the country. IILM is adequately equipped with full time staff for making the teaching learning a pleasant experience.

- **100+ faculty from top national and international B- schools, IIT and IIMs with corporate experience.**
- **300+ industry experts on campus every year**

**Dr. Gitika Mayank**

**Director, Professor, Finance, (Ph.D, MBA, DBF, B.Sc(Physics Hons)**

IILM aims at providing world class responsible and value based management education. The curriculum is thereby designed to groom students with knowledge, technical skills and competencies and most importantly life skills to propel the students in their growth trajectory. The institute provides an inspirational learning environment with impetus on research, continuous innovation and learning. It strives at creating responsive and responsible business leaders.

**Dr. Nimesh Gupta,**

**Associate Professor, Operations, (PHD, MBA, BE(ECE), Business Analytics (IIM-C)**

This PGDM programme course is highly self-contained in every aspect of management education and implementation. It includes a wide range of modules starting from Finance, Marketing, HR and Operations to Digital Marketing, corporate Finance, 360 degree appraisal process. Each module has an in-depth conceptual as well as practical coverage. In my opinion this course is a must for any student who desires to have a successful career in the corporate world.

**Dr. Anita Gangrade**

**Associate Professor, Business Law ( PhD, MA, MLIS, LLB )**

Knowledge, Transformation and Empowerment are the 3 key mantras in our IILM Institute. Students are the pillars of any educational institute. At IILM Jaipur we focus on developing strong Alumni connect so that this bond between students and institute remain everlasting and also helps in bringing up corporate connect with the help of Alumni.

**Dr. Swati Bhargava**

**Assistant Professor, Operations, PhD, MBA, M.Com. (ABST)**

Rigour in academics is the hallmark of any great institution. IILM Jaipur has followed a philosophy of continuous improvement in skills, pedagogy and practical application of the knowledge learned. PGDM programme at IILM Jaipur will give students an opportunity to look beyond the traditional aspects of business management. It will provide a holistic learning and prepare the foundation for future leaders and managers.

**Ms. Rishika Sharma**

**Assistant Professor, HR ( MBA, M.Com(EAFM), BBA )**

Finance and Marketing are of vital significance to all organizations. With the right training and education, there can be a strong level of preparedness among future business professionals to incorporate these digital advancements in their functioning. At IILM, we bring about that preparedness by incorporating industry connect as a part of our curriculum.

**Ms. Kalpana Rajpurohit**

**Assistant Professor ( HR & Marketing, MBA, UGC-NET )**

Developing successful managers is the key to success of any B-school. At IILM Jaipur we believe in overall personality development of a student by giving them opportunities not only in academics but also in extra curriculums by organising various events like Flair, B-Quiz, Debate etc.

# Admission Procedure

The programme is targeted at individuals with high potential for success in business and industry. Such individuals must have successfully completed a Bachelor's degree or equivalent (under 10+2+3 system) in any discipline from a University recognized by AICTE/UGC/AIU. Candidates appearing in the final year of their bachelor's degree are also eligible to apply.

Admission to Post Graduate Diploma in Management programme (PGDM) is a three-stage process.

## Stage 1 : Qualifying Exams

A valid score in the CAT / MAT / XAT / ATMA / CMAT. Detailed information on these tests can be obtained from the advertisements released in various national dailies or from the respective institutions / organisations.

## Stage 2 : Personal Interview

The dates for the personal interview will be intimated to short listed candidates through e-mail and letter. Personal interviews are also conducted at various locations besides Jaipur. Please check the website for updates on interview Centre's.

## Stage 3 : Registration

The admissions would be considered final only after the payment of registration fee (as mentioned in the admission offer letter). In case of withdrawal the fee will be refundable as per latest AICTE guidelines.
